

Quick Start Guide

Performing Quick and Advanced Sample Searches

○ Objectives:

- 1** Explore the quick search bar
- 2** Learn how to perform quick searches in 3 easy steps
- 3** Learn how to perform advanced sample searches in 4 easy steps

- The Quick Search bar is a powerful tool designed for you to quickly search the LOAMS system and find:
 - ⚙ Your mobile or industrial equipment
 - 🔧 Components tested
 - 🧪 Sample reports
 - 📁 Master account folder
 - 🏠 Worksites
 - 🌐 Commercial divisions

- The Quick Search bar can be easily located in the upper right corner of your screen and is visible in every page that you visit in LOAMS.

The screenshot shows the LOAMS (Lube Oil Analysis Management System) dashboard. At the top, there is a navigation bar with the Bureau of Veritas logo, the LOAMS title, and a search bar containing 'Equ'. Below the navigation bar, the dashboard is divided into several sections:

- WELCOME:** A message 'Welcome to LABCHECK' with a sub-header 'Management Report' and a background image of industrial pipes.
- SAMPLE STATUS:** A donut chart showing '104163 Samples Last Year' with segments for 'In Transit', 'Complete', and 'In Progress'.
- ALERTS:** A donut chart showing '135205 Alerts Last Year' with segments for 'Equipment Maintenance Event' and 'Equipment has missing info'.
- TRACK SAMPLES:** A search bar for tracking numbers and a 'TRACK' button.
- ACTIONS:** A section with 'TO DO 2' and 'IN PROGRESS 0'.
- REPORTS:** A table listing various reports with columns for 'Report Name', 'Months', and 'End Date'. Each row has a 'RUN' button.
- SAMPLE TURNAROUND:** A section with 'No data to display' and a legend for 'Avg. Transit Time' and 'Avg. Lab Time'.
- CRITICAL CONDITION:** A table with columns for 'UNIT', 'COMPONENT', and 'CONDITION'.

Performing Quick and Advanced Sample Searches

Quick Search

1 Quick searches are easy to perform. Simply navigate your cursor  to the quick search field, click inside the field, and begin typing.

2 As you type, you'll notice that the quick search bar will begin to suggest match results that are relevant to the words, numbers or symbols you enter.

3 Quickly access more information about your industrial or mobile equipment, components tested, sample results, main account folders, worksites or commercial divisions by clicking the quick search suggestion that matches your search.

Dashboard

WELCOME
Welcome to LABCHECK
Get the most out of your oil analysis program by using our brand new Management Report.

SAMPLE STATUS
104163 Samples Last Year
● In Transit ● Complete ● In Progress

ALERTS
135205 Alerts Last Year
● Equipment Maintenance Event ● Component Overdue for Sampling ● Equipment has missing info

TRACK SAMPLES
Enter a tracking number **TRACK SAMPLES**

ACTIONS
TO DO 2
IN PROGRESS 0

RECENT SAMPLES BY SEVERITY
190176 Samples Last Year
● Other ● Normal ● Monitor ● Abnormal ● Critical

SAMPLE TURNAROUND
No data to display
● Avg. Transit Time ● Avg. Lab Time

CRITICAL CONDITION

UNIT	COMPONENT	CONDITION
------	-----------	-----------

REPORTS

Report Name	Months	End Date		
Acceptable vs. Unacceptable - All Components (with details)	12	06/01/2023		RUN
Sample Action Summary	12	06/01/2023		RUN
All Critical Results	12	06/01/2023		RUN
Transit Time Summary (with details)	12	06/01/2023		RUN

Advanced Sample Searches

1 Advanced sample searching is as easy as performing a quick search. Start an advanced sample search by clicking on SAMPLES page. The new advance search has now Inbox and Search both in one page.

2 As you click on the SAMPLES tab, you'll notice that a form appear on the screen. Some feature are same as old version, But now you can start sorting out sample by filling out the form columns.

3 User can sort out the sample search form by clicking on setting that would allow user to sort field that are required and can even hide that are not required.

The screenshot displays the LOAMS web application interface. At the top, there is a navigation bar with the LOAMS logo and the text "Lube Oil Analysis Management System". To the right of the logo, there is a "Need Help" link and a search box. Below the navigation bar, there is a menu with tabs for HOME, ACTIONS, SAMPLES (which is highlighted), LABELS, EQUIPMENT, ANALYTICS, REPORTS, DISTRIBUTION, ADMIN, CONFIG, and PREFERENCES. Below the menu, there is a "+ Add Filter" button and a "DATE RANGE" dropdown set to "Last Year". To the right of the date range, there is a "SHOW" dropdown set to "All", a "MARK SAMPLES" button, and buttons for "EXPORT XLS" and "PRINT REPORT(S)". Below these buttons is a table with columns for LAB NUMBER, SEVERITY, PROGRAM, SUBPROGRAM, CUSTOMER, WORKSITE, and COMPONENT. The table contains 10 rows of data. At the bottom of the table, there is a "Showing 25 rows" indicator and a "1 of 9495" page indicator. Below the table, there is a "Quick Links" section with links to Bureau Veritas, LOAMS Resource Center, Documents Library, and Contact Us. To the right of the quick links is a "Help Desk" section with contact information for the Customer Care Center.
